**Dear Hiring Manager,**

I am an experienced hospitality professional with over three decades of international leadership across cruise ships, five-star hotels, resorts, and boutique venues. I am now seeking a management opportunity within a dynamic hotel environment in the Pan India/ or Abroad , where I can contribute my expertise in guest service, food and beverage operations, and team development.

Throughout my career, I have led multicultural teams and overseen high-volume operations in the USA, Middle East, and India. My recent roles include General Manager of a resort café in Bangalore and Director of Operations at a European-style bistro in Hyderabad. In each position, I have implemented service enhancements, optimized cost controls, and upheld brand standards that consistently elevated guest satisfaction and operational performance.

I hold multiple certifications in hospitality supervision, food safety, and sanitation compliance, and I am well-versed in international health and safety protocols. My leadership style emphasizes proactive service, staff mentoring, and meticulous attention to detail—qualities that align with the expectations of world-class hospitality brands.

I am enthusiastic about bringing my global perspective and hands-on management experience to a forward-thinking hotel team abroad. I welcome the opportunity to discuss how I can support your operational goals and guest experience standards.

Thank you for considering my application.

Warm regards,\

**Nigel A. Thomas**
